

Please read: this is not ours to handle.

This sheet is a non-binding template for you as the host. The duty to register guests falls on the accommodation provider — that is you, not Quartavo. We do not collect, store or transmit any guest registration data, and we do not check whether you comply. Which details are required, who has to sign and how long you must keep the form depends on the law where your accommodation is (in Germany §§ 29, 30 BMG — there only for foreign guests since 01/01/2025). Check the rules that apply to you; when in doubt ask your municipality or a lawyer.
